Historical data is audited and includes SRF Project income & expense and depreciation expense.						
For historical data, the "net change" does not represent "cash" because it includes changes to the value of assets other than cash.						
The budget column however, is primarily "cash based" with the net gain or loss being moved into our out of existing funds.						
<b>Note: The budget column uses a combination of balance sheet &amp; income statement figures.</b>						
<b>The Budget is a managerial document and is not required to follow GAAP.</b>
